EDUCATION

Dr. B R Ambedkar National Institute of Technology, Jalandhar

Aug. 2023 – May 2027

Bachelor of Technology in Computer Science and Engineering

CGPA - 8.21/10

- **Relevant Coursework:** Data Structures and Algorithms (DSA), Object-Oriented Programming (OOPS), Database Management Systems (DBMS)

EXPERIENCE

Software Developer Intern

June 2025 – Present

@ *Bluestocks (Startup India)*

React.js, Node.js, Tailwind CSS, JavaScript, REST APIs

- Led the end-to-end development of a dynamic full-stack website for Bluestocks, utilizing the MERN stack to deliver a seamless user experience.
- Designed and implemented responsive UI components using React.js and Tailwind CSS, and backend using Node.js ensuring seamless integration with frontend.
- **Key Project: [Bluestocks Website](#)** – A fully functional MERN application managing both client and server sides, tailored for a real-world startup environment.

Growth Manager Intern

May 2025 – Present

@ *PrepInsta Prime CampusClub*

Management, Communication, Marketing, Leadership

- Promoted PrepInsta Prime to **40+ students** and hosted a **campus session** to boost platform awareness.
- Built and managed a WhatsApp community of **20+ active members** for streamlined updates.

PROJECTS

Bluestocks Website | *JavaScript, Node.js, Express.js, MongoDB, TailwindCSS*

Live Demo

June 2025 – Present

- Built a dynamic full-stack platform that introduces Bluestocks and highlights its role in financial literacy.
- Designed features to guide users on market participation and help investors and learners make informed decisions.
- Implemented responsive UI with TailwindCSS and developed backend services using Node.js and Express.js.

Go with Ease | *JavaScript, Node.js, Express.js, MongoDB, Railway APIs*

Live Demo

January 2024 – March 2024

- **Winner of HackMol 5.0** – Built a real-time train booking alert system using Railway APIs.
- Developed a full-stack site that tracks seat availability and sends email alerts to users.
- Led frontend using JavaScript and TailwindCSS to ensure a responsive and intuitive UI.

Insider Jobs (On Going) | *React.js, Node.js, Express.js, ClerkAuth, TailwindCSS*

Live Demo

March 2025 – Present

- Built a full-stack job portal enabling users to browse, post, and apply through a seamless interface.
- Integrated ClerkAuth for secure authentication and created role-based dashboards for employers and applicants.
- Styled the platform using TailwindCSS for responsive design and enhanced UI performance.

TECHNICAL SKILLS

Languages: C/C++, Python, HTML, CSS, JavaScript, MySQL

Frameworks: React.js, Node.js, Express.js, Tailwind, Bootstrap

Tools and Technologies: Git, GitHub, MongoDB, Power BI, Jupyter Notebook, RStudio

Profiles: [LeetCode](#) | [GeeksforGeeks](#) | [Codeforces](#)

CERTIFICATIONS & ACHIEVEMENTS

- HackMol 5.0 – First Runner-up, Secured 1st place for a real-time train booking alert system. [\[Certificate\]](#)
- MERN Stack Developer – Apna College, Completed full-stack MERN training with projects. [\[Certificate\]](#)
- Smart India Hackathon 2024 – Selected for developing a Flutter-based mobile app.
- Pace Society Member – Led peer engagement and technical learning sessions within the campus tech community.
- NSS Volunteer – Volunteered 6 months in leadership and community outreach initiatives.
- Team Cultural Affairs (TCA) – Co-managed college-level cultural and technical fests with my team.
